

# Covid-19 Safety | Heska Vet Academy

During this unprecedented time, our focus at HESKA has been to continue to serve our customers with an exceptional level of service, while keeping both you, and our associate's health and safety our top priority. We are excited to be back in person delivering the best CE in Canada to you, our Veterinary customers.

Before you arrive at your course, we would like to make you aware of some of our healthy and safety protocols and ask that you support our commitment to your health by complying with the following:

## Vaccine or Negative PCR Test Required

- We will be requiring proof of completed vaccination (2 doses, last being at least 14 days prior to the event) for COVID 19 for entry into our in person courses or a negative PCR test within 72 hours prior to the course date. On the day of the event, attendees will be asked to show proof of vaccination or a negative covid 19 test to gain entry to the course. The paper or PDF copy that you received online will serve as proof of vaccination.

## Pre-Screening

- When you arrive at Heska Vet Academy events, you will be asked health screening questions.

## Cleaning and Sanitization

- We have increased the frequency of cleaning and sanitization efforts which will also include wiping down all frequently touched objects and spaces.
- We will provide additional breaks to allow more time for hand washing.

## Face Coverings & PPE Utilization

- Each person entering the building must always wear a facial covering. We defer to the Health Canada guidelines regarding face coverings.
- All lab staff will be wearing a mask during the wet-lab portion of the day.

## Social Distancing

- We ask that all attendees and staff engage in social distancing and maintain 2 meters from one another, whenever possible.
- We have reduced our class sizes and oriented our classroom and lab space to allow for social distancing, whenever possible.

If you have additional questions, concerns please contact us at 866-382-6937 x 206 or email [heskavetacademyca@heska.com](mailto:heskavetacademyca@heska.com).
